Project Title: The Four Seasons (Vivaldi)

Page: [The Four Seasons](#)

The Four Seasons is a group of four violin concerti by Italian composer Antonio Vivaldi, each of which gives musical expression to a season of the year. I think this site will make the most sense as a 5-page site, including a home page and one page dedicated to each concerto making up the Four Seasons arrangement. I would like to have a standard nav bar at the top of the page and I would like the viewer to be able to listen to each concerto when they navigate to its page of the site.

1. Home Page - background information and structure of the four pieces
2. Spring ("La Primavera")
3. Summer ("L'estate")
4. Autumn ("L'autunno")
5. Winer ("L'inverno")
